

**Caleb Village in Saskatchewan**  
**Moving Forward - Residents**  
**February 14, 2022**

Caleb Village management and staff would like to thank all residents for their support over the last two years while we were navigating through this pandemic. While the pandemic is not yet over and COVID-19 is still very much present in our communities, we are excited to be moving forward while we all learn to live with COVID-19.

The following is an update on the current COVID-19 protocols for all the Caleb Villages:

- Effective immediately, there are no restrictions on the number of visitors for each resident.
- The Bistro, dining room and communal areas within Caleb Village remain for resident use only.
- Effective March 1, mask use is optional for residents.
  - We encourage wearing a mask in public places and where you cannot physically distance.
  - Mask use continues to be a useful protection against the transmission of COVID-19.
- Please stay home when feeling unwell.
- We will continue to have rapid tests available for residents.
- We encourage all residents to get vaccinated.

Caleb will review these protocols on an on-going basis and adjust as necessary to protect the well being and safety of our residents.
